INDUSTRY'S GREAT TEST ITS SOCIAL GOOD, PASTOR SAYS

Making or Marring of Men by Labor Supreme Question, Dumville's Belief.

GIVES THIRD SERMON ON SOCIAL IDEALISM

Advocates Decent Standards of Living and Insurance Against Unemployment.

preached last night on "Industry and Christ's Ideals." the third sermon in his series on the "Social Ideals of Christ."

In his introductory remarks, Rev. Dumville declared that the present series was being preached at this lime because the attention of all was so forcibly called to industrial condi-tions because of the transportation situation. Many had called him, he commend his stand on behalf of the men since publications of his preceding sermons in The Times-Dispatch. Two letters of criticism and one telephone call from one criticizing him had also been received by stated. Rev. Dumville's sermon, in part, sixth in a course of lecture-sermons of lecture sermons. received, he stated.

ils evening's discussion, I am upon "The Principles and Proofs Evolution." He said, in part: In this evening's discussion, I am indebted to Sherwood Eddy for two recent articles appearing in the Christian Century, from which much that I shall use in this message is derived. Let us thank God that there are men, increasing in number daily, who are really trying to find a Christian solution to the problems which exist between employers and employers and that they are really trying to conduct their businesses according to this idea.

Believes Evils Curable.

I am one who sincerely believes

I that all the troubles of this old

world can be cured by the practical working out of the principles of the religion of Jesus. "There is a haim in Gillead, there is a physician there," In the light of this, then the supermet test of industry is its social value, its effects on men, whether it makes or mars manhood. Thus again, we repeat what he have said before: laker is more than a commodity; it is more than a means to an end—the end of property or wealth, it represents living men of infinite worth. more than a means to an trep-ic end of property or wealth; it rep-ic end of property or wealth; it rep-a scientist upon the attributes of God?

ites Industrial Provisions. Eddy says that the first charge industry should be the adequate pport and protection of all the orkers, including: (a) A standard living in decency and comfort; (b) vision for continuity of employ social insurance against imployment; (c) The regu-hours for the social good; d) Provision for health and safety.

with special safeguards for the work of women and children.

A practical application of these principles is found in the work of Sechohm Rowntree in the Rowntree Cocoa Works, of York, England-Over half the profits of the firm have already been returned to the community, invested in education, investigation, a model village, and an effort to raise the standard of living, not only for his own employes, but only for his own employes, bu for the labor of Britain. With prac-tically at the employes of England, he recognizes that labor has the same right to organize and choose heir own representatives as capi

Recognizes Labor's Demands. I am still quoting from Mr. Eddy's article. Mr. Rowntree believes these legitimate demands of labor: (1) A lege bill will reach the floor of the would enable a man to marry, to live in a decent home, and to bring up a family of normal size in a state of efficiency, leaving a reasonable mar-(2) The limitation of the hours of the working week, and a bill to se-cure the forty-eight-hour week as a maximum for England. He has at ready adopted a forty-four-hour week. (3) Insurance against unem-ployment, which shall be universal

LÖNDON, Feb. 5.—"The great undertaking of the Washington con-

making a series of farewell calls or ments praising the achievements of fortify further the islands of the conference and the hospitality of the American people.

Rev. O. A. Sauer, pastor of Bethlehem Evangelical Lutheran Church,
in his sermon last night, stressed the
lack of laws governing criminal negligence. He urged that but for absence of this law, or the principle
contained therein, many "respectable"
people would find themselves in serious difficulties.

He scored the magnates, who to
boost dividends, allow conditions to
exist which are extremely hazardous
and which could be remedied if the
magnates were but humane enough
to recognize they owe the public
every possible protection.

Continuing, he said: "Murder is
not only actual bloodshedding. There
is a murder which begins with the
hearts of men, a manslaughter not
recognized as such by legal statutes.
God knows this oid world has been
thoroughly drenched with actual
blood, but this is by no means ail of
the dark, gruesome story. Whoever
